**LETTER PURSUANT TO 37 CFR 1.821(e)**

Hon. Commissioner of Patents  
And Trademarks  
Washington, D.C. 20231

Sir:

This is a request that the nucleotide and/or amino acid sequence listing filed November 13, 1998, in its computer readable form and the paper copy, in parent application 09/157,397 (filed September 21, 1998) be considered in this instant application in lieu of another copy being filed by applicant. The sequences included in that Sequence Listing are identical to those that would be filed in this application, as the specifications are identical.

Respectfully submitted,

Marlana K. Titus  
Reg: 35,843  
(301) 924-9600
